

**AMENDMENTS TO THE ABSTRACT OF THE DISCLOSURE**

Please enter the following Abstract of the Disclosure in the record:

A dishwasher is provided that allows oxygenating gases, especially ozone, to be effectively used at least for cleaning and disinfecting. An oxygenating gas is added to the rinsing liquor or the crude water and/or the washing container for use in a partial program cycle having a cleaning effect, e.g. the "cleaning" cycle, in order to be able to use the gas at least for cleaning and disinfecting.
